

40' HIGH CUBE STORAGE CONTAINER

The **A-Verdi 40-foot High Cube container** provides the same strength and reliability as our standard 40' model, with an added 12 inches of height for greater versatility. This extra clearance makes it ideal for forklift access, double-stacking pallets, and accommodating oversized equipment. Businesses and contractors also benefit from the increased vertical space, which allows for efficient shelf or rack installations to maximize storage capacity.
